THE BODY IN THE CANAL. - Mr. B. R. Summers who was at Georgetown, yesterday, was told, while at the collector's office there, by parties who had read the notice in the G. zette of the dead body seen floating in the caral on Wednesday last, that a middle aged German had passed the toll house there on the evening previous, and having no money to pay his toll eft as a pledge, until his return, a pocket testament bearing on the fly leaf the name of "Virginia E. H. ffm sp." Tue clothes of the drowned man were tound upon the canal bank near Four Mile Run, and were identified as those of the German who crossed the bridge. The strange part of the matter is that the body has not since been seen, although it surely must have floated this hot weather.

THE FIRE DEPARTMENT -Another effort has been made to settle the difficulties in re gard to the office of Chief Engineer of the Fire Department. The counsel in the case are very reticent and decline to furnish any information further than the fact that an agreement has been made to let the Fire Wardens, in the try healthy. order of their rank, take command at fires for two weeks to come. From other sources it is learned that there is a proposition pending to submit the whole question to John M. Orr, esq., of L esburg, as referree, both parties to abide by his decision. Whether this proposition will be accepted has not yet been announce ed. At any rate the prospect of a riot is removed for two weeks longer.

ACCIDENT AT THE SHIP YARD .- About two o'clock to-day a sailor named Leonard Gotto, an Englishman, belonging to the schooner Lu u Ammeman, which is on the ways at the ship yard, while working on the bowsprit of that vessel missed his footing and tell to the ways below, striking on his back, across a timber and the grades usually sold at \$1. was knocked senseless. Dr. Klipstein was called in and administered the necessary restoratives, which brought consciousness, but the doctor is unable as yet to ascertain the Curls, Puffs, &c., at a very small expense, by extent of his injuries, which are feared to be in experienced hands, at ternal. He was removed to the Alexandria It firmary where Dr. Klipstein will have a more thorough examination. No bones were broken so far as could be ascertained.

TO BE MADE OFFICERS -Arrangements are being made to have two of the officers of the ferry steamers, City of Alexandris and City of Washington, plying between Atexandria and Washington, made peace officers of the State of Virginia as well as of the District of Columbia. This will exercise a most salutary influence upon persons who are disposed to be dis order y upon the steamers, which carry, every day large, numbers of ladies and invalid child ren, who seek in that way to get the benefi: of the river ar. The proposed action has been brought about by the disorderly conduct of drunken men who sometimes take passage on

STORM ON THE V. & T. R. R.-Information was received here to day that a terrific storm occurred on the Virginia and Tennessee division of the A. M. & O. here were instructed not to receive passengers

for the V. & F. Road. OVERCOME BY THE HEAT.-Mr. George W. Freeman, residing in this city, was overcome by the heat in Washington, on Thursday, and had to be assisted by two police men, who precured the services of a physician, and afterwards put him on the boat for home.

The Committee on the Poor of the City louncil held a meeting to day and elected I C. O'Neal its chairman.

No information has yet been received of the ittle son o! R v. Mr. Wheeler, whose mysteious disappearance was mentioned yesterday. The Relief Hook and Ladder Company have secured the steamer Mary Washington for a grand day and moonlight excursion on the 8th

of August.

The excursion of St. Marg's Sunday-school to Marshall Hall, on Wednesday, was eminently successful in a financial point of view, the net profits amounting to about \$130, which will be applied to the support of the Parochial School.

While the schooner Lilu Ammerman was being hauled up at the ship yard, this morning, her anchor became entangled in a pile. which was pulled up and threw the cradle off of its track, so that it would work neither up nor down. Workmen were at once put on to repair the damage.

The business of the canal has increased considerably during the past week, and the prospeet looks brighter. During the four days ending Thursday 163 boats, carrying 18 550.17 tons of coal, had been dispatched to tide water frem Cumberland. Of the 163 boats the Consolidation company shipped 85-more than
